NEW-YORK

NEW YORK STATE  
COLLEGE OF AGRICULTURE,  
DEPARTMENT OF HORTICULTURE  
CORNELL UNIVERSITY  
ITHACA, N. Y.

# IMPORTANT NOTICE AND CONDITIONS OF SALE

## TERMS

All Invoices are payable net June 1<sup>st</sup>, to the order of my agents **Mess. Mc Hutchison & C°, 17, Murray Street, New-York.**

A discount of 3 %, will be allowed on invoices paid within 10 days of receipt of goods.

**All prices are U. S. Gold dollars and cents.**

## CONDITIONS

All shipments are accepted by customers here travel from bere at buyers risk expense.

All orders are subject to Vincent Lebreton's Nurseries acceptance and subject to reduced delivery in case of entire or partial failure of crop from frost, drought or other causes beyond our control.

All orders should be sent directly to Mess. Mc Hutchison & C°.

While we will exercise the greatest care in packing and selecting. We can under no circumstances assume any responsibility for damage in transit. No complaints entertained unless made within 10 days of receipt of goods to Mess. Mc Hutchison et C°.

We reserve the right to cancel any order though previously accepted, should financial reports of the customer prove unsatisfactory.

The catalogue prices do not include the cost of packing.

## SHIPMENTS

Shipments usually commence early in December, according to the weather, or as soon as the stocks are sufficiently mature, packed in tight boxes, paper lined, capable of standing severe frost without injury.

Shipments (unless otherwise instructed) are invariably made in care of Mess. Mc Hutchison et C°, New-York, who will attend to the Custom House entries and prompt reshipment to the best advantage of our customers.

Ocean freight, duty and marine insurance are advanced for account of purchaser and must be paid upon arrival of the shipment in New-York.

**It is important to send your orders early.**

Hoping to be favored with a share of your orders. We assure you that no pains will be spared to give you the utmost satisfaction.

Yours respectfully,

Vincent LEBRETON'S, Nurseries.

# FRUIT TREE STOCKS

---

The diameter of the stocks is always understood at the collar of the roots and is given in French millimeters = 25 millimeters equalling one inch. It is taken exactly at the collar where the stock comes out of the ground.
